

Only make the following procedure if you are asked by the ZENITH Service.

Click on the Link Teamviewer.

It opens the a window where you click Save File.

The TeamViewer will then be downloaded and saved in your default folder (Downloads).

zenithteamviewer
en.exe

After double-clicking you must agree the security question to open (Run).

After installation, the following window opens:

We now need your ID (here: 888 888 888) and password.

With the correct data, we can help you remotely.
